02

Uploading Credentials

Dashboard with options to upload credentials and the STAFF upload it's credential

03

Blockchain Integration

Verification interface appears, showing the hashed credentials and blockchain confirmation.

02

Verification Process

Verification page with a field to input hashed credential for confirmation.

03

Verification Process 2

System processes the request, confirming the credential's legitimacy and show all the info

BLOCKCHAIN COMPONENTS

**BLOCKCHAIN NETWORK:
BSC (BINANCE SMART CHAIN)**

**DECENTRALIZED STORAGE:
IPFS (INTERPLANETARY FILE SYSTEM)**

TECHNICAL SIDE OF THE PROJECT

FRONT-END : REACT

**BLOCKCHAIN SIDE:
SOLIDITY , JS**

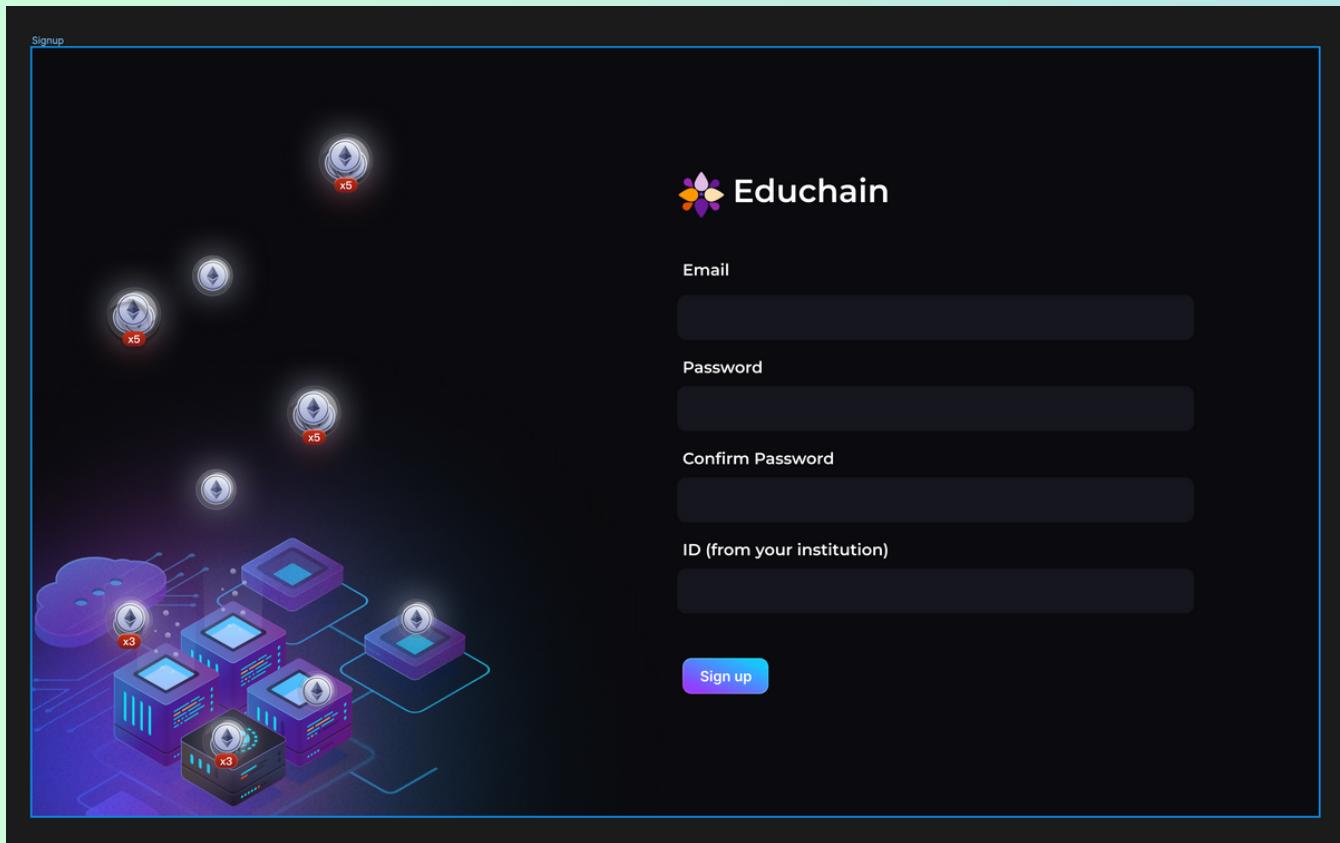

BACK-END : NODE.JS

LANDING PAGE

The landing page features a dark background with a futuristic, glowing circular interface in the center. This interface contains several icons representing different types of credentials or documents, such as a gold coin with a dollar sign, a blue document, and a red seal. The main title, "Securing Your Credentials, Ensuring Legitimacy", is displayed prominently in white text within this circle. Below the title, there are three main functional buttons: "Upload" (with a file icon), "Verify" (with a camera icon), and "Manage" (with a folder icon). Each button has a "Get Started" call-to-action button below it. At the very bottom of the page, there is a navigation bar with links for "Verify", "institutions", "Business", and "Support". The top right corner of the page includes "Sign in" and "Sign up" buttons.

This landing page has a dark, space-themed background with a glowing orange and yellow gradient at the top. A large, metallic shield icon with a profile of a person is centered in the upper half. To the right, the text "24/7 access to full service customer support" is displayed in white, with a "Get Started" button below it. In the lower half, another "Get Started" button is positioned next to the text "Take your first step into safe, secure profile verifications". To the right of this text is a glowing blue briefcase icon. At the bottom, there is a section titled "Receive transmissions" with an "Email Address" input field and a "Company" dropdown menu. The footer includes links for "About", "Careers", "Press", and "News".

DASHBOARD PAGE

The screenshot shows the Educhain Dashboard page for a user named Khalid. At the top right is a profile picture of Khalid Slik. The dashboard has a sidebar with "Dashboard", "Verify", "My ID" (which is highlighted in purple), "Settings", and "Profile". Below the sidebar is a card for Khalid Slik with the title "Khalid Slik" and the period "2023 - Present". It features a QR code and the text "Your profile, 100% Legitimate and Secure." A "Share your ID" button is at the bottom right of the card. A "Log Out" button is at the bottom left.
